The LegalGUARD Plan - Advocacy and Compatibility/Matchingsm System

You already know when an employee is facing a legal matter, they have specific needs.

Employees need benefits that (1) cover their legal need, (2) offer great attorneys to choose from and (3) finds a way to connect to the provider they need. LegalEASE built systems to proactively improve how employees find a better attorney.

Access Matters - Introducing the Compatibility/Matching System

In addition to providing an advocate, the LegalGUARD Plan uses a Compatibility/Matching System that enables advocates to search for the best attorney for each employee based on the employee's own preferences. The Compatibility/Matching System has several advantages over traditional directories.

Provide an Advocate

The Matching System solves the issues employees face when using a directory by proactively assigning them their own personal advocate that will save them time and reduce stress. The advocate:
